PREFACE

Medical law is an exciting and challenging subject, whose dilemmas are the focus of intense and ongoing public debate. The fact that it is a relatively young discipline, which must attempt to keep pace with the constant advance of medical science, makes it of considerable jurisprudential interest. Moreover, the questions which it addresses are ones of fundamental human concern, bearing ineluctably upon the lives of each one of us and the shape of the society we inhabit. In fact, few other legal subjects display so clearly the interaction between law and morality.

Sourcebook on Medical Law aims to draw together a wide range of material (much of it very recent), including extracts from statutes, judgments, and academic commentaries. It is primarily designed for use as a core text by law students taking medical (or health care) law at undergraduate level. However, it is hoped that it may also be of some interest to postgraduate students, including those in the burgeoning field of bioethics, as well as to health care professionals.

While the authors take collective responsibility for the book, primary responsibility for the individual chapters was as follows: Marc Stauch, Chapters 7, 8, 11 and 12; Kay Wheat, Chapters 1, 3, 4, 5 and 9; John Tingle and Marc Stauch, Chapter 2; Marc Stauch and Kay Wheat, Chapter 10. Finally, Chapter 6 was contributed to by all three authors, though overall responsibility was taken by Marc Stauch.

We should like to express our thanks to Terry Hanstock of The Nottingham Trent University Library and Information Services, and to Chris Garratt, formerly of The Nottingham Trent LIS, now of Hammond Suddards, for their assistance in tracking down material and references for inclusion in the work.

Crown copyright is reproduced with the permission of the Controller of Her Majesty's Stationery Office. Every effort has been made to trace copyright holders, but if any have been inadvertently overlooked the publishers will be pleased to make the necessary arrangements.

In this new edition, we have aimed to take account of developments in the law up until 1 June 2002.

“THE HUMANISM OF THE BIBLE” SERIES.

Edited by

Professor JOHN E. MCFADYEN, B.A. (Oxon), D.D.

(United Free Church College, Glasgow),

and

D. RUSSELL SCOTT, M.A.

(Late Pusey and Ellerton Hebrew Scholar in the University
of Oxford.)

Large Crown 8vo, Cloth Gilt.

Price **3s. 6d.** net per Volume.

The aim of the Series is to set forth the human experience that underlies, and is reflected in, the Bible. The doctrinal and theological treatment of the

Bible has undoubtedly tended to obscure its transcendent human interest. This Series is an attempt to recover some of those ancient experiences and personalities which come to expression in the Bible, and to show how fascinating and relevant they are to the life of to-day. It seeks in a broad way to interpret the spirit of the Biblical books with which it deals, and to indicate their permanent human interest and worth.

“If the series may be judged by its first volume it promises to fulfil admirably its purpose of making the Bible a more human book.”—*Glasgow Herald*.

“The series promises to be a valuable contribution to theological thought.”—*Dundee Courier*.

PESSIMISM AND LOVE.

In Ecclesiastes and The Song of Songs.

By

DAVID RUSSELL SCOTT, M.A.

(Late Pusey and Ellerton Scholar in the University of Oxford).

Large Crown 8vo, Cloth Boards, Gilt. 3s. 6d. net.

“No more suggestive and illuminative scriptural studies have been published recently.”—*Irish Presbyterian*.

“There can be no question of the freshness of his exposition.”—*Glasgow Herald*.

“Mr. Scott is an accomplished Hebrew scholar ... his pages contain much that is illuminative of the ancient text, and much that touches the quick of

modern needs.”—*Methodist Recorder*.

“The volume ... very successfully attains the aim of the series which it so admirably opens.”—Professor G. Buchanan Gray, D.D., D.Litt., in the *Mansfield College Oxford Magazine*.

“Mr. Scott’s command of language is quite remarkable, and clear diction is combined with penetrative insight and sound judgment.”—*Aberdeen Daily Journal*.

“Extremely interesting and able expositions ... attractive and valuable. Mr. Scott is heartily to be congratulated on the striking success of his opportune work, both as a translator and expositor.”—*Dundee Advertiser*.

“An able and exhaustive analysis and explanation of Ecclesiastes. The book teems with valuable instructions for men of to-day.”—*Liverpool Courier*.

“The studies and expositions will be found suggestive, practical, and thoroughly up to date in their application to the problems of present-day life.”—*Northern Whig*.

“A very useful piece of work. It is expository and frankly homiletic. Mr. Scott gives us a fresh translation of both the books.... This kind undoubtedly has its place, and it could hardly be done better than Mr. Russell Scott does it.”—*Methodist Times*.

“Thoughtful and stimulating.... These scholarly studies will appeal not only to ministers of religion and theological students, but to the average reader with a taste for philosophic moralising.”—*Nottingham Daily Express*.

THE INDIVIDUALITY OF S. PAUL.

By

R. H. STRACHAN, M.A.

Large Crown 8vo, Cloth Boards, Gilt. 3s. 6d. net.

“A close and careful investigation of the teaching of the Apostle. Mr. Strachan’s style is crisp and pointed.”—*The Times*.

“The book represents much honest and independent thinking, and is a very sincere and helpful contribution to a working knowledge of St. Paul’s life and theology.”—*The Scotsman*.

“Of Mr. Strachan’s study of the Apostle we can speak in terms of warm commendation. It is a work of clear discernment and of sound judgment ... deserves to be welcomed as a most helpful study of the individuality of St. Paul and as a valuable exposition of the truths which it was his mission to proclaim.”—*Westminster Gazette*.

“Mr. Strachan writes with strength, decision, lucidity and makes Paul stand before us as a Christian thinker and pastor.”—*Methodist Times*.

“The arrangement of the matter is admirable, and as a result the very large amount of information is compressed into a very small space. Among the many books on this great theme, this of Mr. Strachan’s alike for its scholarship, its humanity, and its style deserves an honoured place.”—*Liverpool Post*.

“The theological student will find Mr. Strachan’s work fresh, stimulating and reverent. The volume is characterised by great accuracy.”—*Aberdeen Free Press*.

“An important and original contribution to the understanding of the New Testament.”—*Sheffield Daily Telegraph*.

“Unquestionably a very striking and valuable contribution to the study of Paul as a man and a theologian.”—*Christian World*,.

“Every page bears evidence of painstaking research. The volume will prove of signal value to the student.”—*Aberdeen Daily Journal*.

RELIGION IN SONG.

STUDIES IN THE PSALTER.

By

Professor W. G. JORDAN, D.D.

(Queen's University, Kingston, Ontario, Canada.)

Large Crown 8vo, Cloth Gilt. 3s. 6d. net.

This is a most fascinating volume. Resting on a basis of accurate scholarship which is never obtruded, Prof. Jordan interprets the spirit of the Psalter with singular felicity. In his skilful hands this ancient Hymn Book becomes amazingly modern. His volume is eminently wise and helpful. To the preacher it is a veritable gold mine, while apart altogether from its religious power and insight it is a literary treat.

The Marprelate Tracts. By WILLIAM PIERCE, Author of “An Historical Introduction to the Marprelate Tracts.” Demy 8vo, cloth, 12s. 6d. net.

The "Tracts" reprinted in this volume are among the most famous in history. They were read eagerly everywhere in England, from the Court to the country farmhouse, when they appeared at the end of the sixteenth century. They are racy in style, and the unknown author, "Martin Marprelate," brings great resources of wit, humour and argument to bear in his tremendous onslaught upon the Bishops. Mr. Pierce gives a very scholarly edition of the tracts, enriched by many valuable and illuminating notes.

Dr. JAMES MOFFATT, in *The British Weekly*, says:—"Will rank as a standard edition. It is not possible to convey any idea of the historical scholarship and research which have gone to the making of this book, but Mr. Pierce will have his reward in the consciousness of serving the cause of religious liberty; and in the gratification of those who have to study the religious situation of England during the sixteenth century.... Their historical importance is considerable."

"One of the most valuable contributions to our history ever made."—Principal W. B. SELBIE.
